

## Specialist Volleyball Program

*Top Volleyball School in Western Australia*

*Winner Presidents Cup and WA Junior Cup*

*National Schools Cup Top 4*

*Two Olympians and 25 Australian Representatives*

Rossmoyne Senior High School provides an outstanding opportunity for students outside the school boundary to be part of a widely recognised and highly successful Volleyball program. With over 15 teams enjoying success in the Western Australian and National Schools Cup every year, Rossmoyne's program has developed a state and national reputation for excellence.

Specialist Volleyball students set high standards as future citizens in the sport and recreation community. Students represent the school in competitions in both Perth and Melbourne, while also enjoying opportunities to gain referee and coaching accreditations. As an outcome, Rossmoyne's program is highly regarded by the Western Australian and Australian Institutes of Sport.

As Year 8 students, at Rossmoyne Senior High School volleyballers are a part of a rich community of sports tradition as they develop general and specific skills for higher level participation. Concurrently with their physical education program, they receive special tuition in volleyball before school and attend a development camp at the end of term 1. They are then introduced to their team coach for competitions where they will be able to compete in state tournaments and the major competition at the end of the year, the National Schools Cup in Melbourne.

As the students' journey through Rossmoyne's specialist program continues into senior school, they will enjoy opportunities to study sports science through the Physical Education Course of Study in Year 11 and 12, where their volleyball experiences can contribute to their Tertiary Entrance Rank.

There is an expectation that students who enter the Volleyball Specialist Program will contribute to other aspects of the school's sports programs.
