---

Welcome to 2019, yet another exciting year in which we will showcase the amazing talents of student from across The Arts at Rossmoyne Senior High School. This calendar is designed to help you discover what's on offer in 2019 and assist you to plan your Performing and Visual Arts experiences.

This year, students will be offered multiple opportunities to showcase their talents within the school and wider community. Our aim is to engage students in programs that lift the spirit and encourage creativity. We want to inspire our students to think differently – about making artworks, connecting to others and to reflect on how the Arts fit in a modern world. Our program extends across all art forms, and many events this year reflect clusters of linked work that promote creative endeavours from across multiple subject areas. The work on show will highlight the passion and dedication of staff from across the learning area.

We would like to take this opportunity to thank you for your continued support. We aim to make this year's showcase a standout and look forward to seeing you throughout the year.

Drama seeks to entertain through various forms and styles of theatre, and students display their skills through voice, movement and characterisation choices. In 2019, students will showcase their talents in a range of productions.

The Year 12 Production of ***Our Town*** follows the relationship between two young neighbours, George Gibbs and Emily Webb, in the small town of Grover's Corners. Showing the whirlwind of life's adventures, this play is an insight into love, death and all that lies in-between.

**Skate** is a turbo-charged, moving and funny account of the mates, mothers, tricks and traumas of a group of young skaters. Following this group as they battle with their local council to get a skate park, *Skate* is a comedic glance at adolescence and unity.

**Spotlight**, the Year 12 Solo Evening, is a showcase of our Year 12 Original Solo Performances for both Dance and Drama. Devised from scratch, students have developed these pieces throughout the year and reworked for the highest level of performance.

**MADD Festival** is an extensive evening celebrating the exemplary work of Performing and Visual Arts students from Year 7 to Year 11. Food, entertainment and free entry! Come and review the best from across the year.
